Mr. Rolland provided a detailed report on the remaining potential sites, particularly the **Vision Boulevard & Ninth District Road** location. Topics included:

- Heavy athletic and school-related use of the property

- Maintenance responsibility remains with Somers Public Schools maintenance due to school ownership
- High visibility but limited suitability for quiet reflection
- Risk of accidental damage due to traffic, sports activities, and winter maintenance

b. Security, Vandalism, and Maintenance Discussion

- Occasional vandalism has occurred at nearby playgrounds but is generally minor
- Veteran presence and community ownership were noted as strong deterrents
- Potential use of signage or cameras was discussed, if needed.
- Snow removal would likely follow a Tier 3 priority, similar to the cemeteries –limited winter access depending on design

c. Site Evaluation and Committee Discussion

The committee reviewed the **Location Scoring Worksheet** in detail, referring to the project's Mission and Vision Statements and evaluation criteria, including:

- Accessibility & parking
- Visibility & civic presence
- Healing & reflection potential
- Education & civic mindedness
- Layout flexibility & long-term use
